

Your Thursday Nights Are Gonna Be **GREAT**

Learn a little, dance a lot!

With fun people, a large dance floor, cash bar and plenty of time to dance, there is a real party atmosphere at a **FreeStep** night out! Singles and couples of all ages meet new people *and* learn to dance all in one evening. The doors open early at 7:15, so your Friday morning will be OK too! **FreeStep** is a modern partner dance, similar to swing or salsa, but without the complex footwork. You'll have a good time from the moment you enter, come with or without a partner and dance to your favorite music.
